INTRODUCTION

This booklet (otherwise known as the “Summary Plan Description” or “SPD”) describes the health care benefits provided by Streetsboro City Schools for Eligible Employees and their covered Dependents. We encourage you to take the time to become familiar with this document and how best to utilize the benefits available to you.

You will find terms starting with capital letters throughout this booklet. To help you understand your benefits, most of these terms are defined in the Definitions section at the end of the booklet. As used in this booklet, the terms “you” and “your” refer to Employees eligible to participate in the Plan.

This Plan is a self-funded benefit plan. Portage Area Schools Consortium has retained the services of a professional Claims Administrator to perform the day-to-day claims administration of the Plan, but the ultimate risk of loss belongs to Portage Area Schools Consortium. Portage Area Schools Consortium, as Plan Administrator, has the final, sole discretion to interpret the Plan, decide any questions of eligibility, and determine any benefits which are payable under the Plan.

While Portage Area Schools Consortium expects in good faith to continue this Plan indefinitely, it reserves the right to amend, suspend, or terminate the Plan in whole or in part, at any time, with or without advance notice.

ELIGIBILITY FOR COVERAGE

Upon enrollment in the Plan you, your Spouse, and your eligible Dependents shall become Participants eligible for the benefits provided by this Plan, subject to the limitations contained in the applicable Plan provisions.

EMPLOYEE ELIGIBILITY

Eligible Employee determination is based upon the negotiated agreement between the Employee and District. If applying for family coverage, an Employee contribution towards the cost of the Plan is required by the Plan sponsor for participation in the Medical Plan. Should you wish to participate, you must complete an enrollment form. Mutual Health Services must receive the enrollment form within 31 days from the date you are eligible to enroll.

DEPENDENT ELIGIBILITY

It is the Employee’s responsibility to keep the status of the Dependents covered by their plan current. Failure to do so will jeopardize the coverage of the individual whose status is incorrect.

You may enroll yourself alone or you and your Dependents. A Dependent includes:

- Lawful Spouse of an Employee who is not legally separated from the Employee.

Note: If a Spouse is eligible (or becomes eligible or re-eligible at a later date) for non-contributory group health insurance coverage through the Spouse’s Employer, the Spouse is (will be) required to take the available coverage from the Spouse’s Employer in order to be covered under the Streetsboro City Schools Plan as secondary coverage. Employees of Streetsboro City Schools may elect coverage for children without regard to any other available coverage for the Spouse. Portage Area Schools Consortium reserves the right to pay the Spouse’s contribution to any contributory Employee benefit plan.

- Your natural children, foster children, adopted children, children placed for adoption with you, or stepchildren, from birth to the end of the calendar month in which the child attains age 26. Grandchildren, nieces and nephews are not covered unless you have assumed legal guardianship.

Coverage may be continued beyond age 26 for your unmarried Dependent children who reside* with you if they are Totally Disabled by reason of a mental or physical handicap which commenced prior to reaching the limiting age to continue coverage and continue to be Totally Disabled and are principally dependent upon you or your Spouse for support. However, notification of the child's condition must be given within 31 days of the child's normal termination date. A non-permanent Total Disability where medical improvement is possible is not considered to be a "handicap" for the purpose of this provision. This includes Alcoholism and Drug Abuse and non-permanent mental impairments.

* In this scenario *reside* includes either natural parent regardless of divorce.

If both Spouses are Employees of Portage Area Schools Consortium, both may elect coverage, but only one may elect Dependent coverage. In no event may an individual be covered both as an Employee and as a Dependent under the Plan. Dependent children may be covered as Dependents of either Spouse, but not both. In no event will a Dependent's coverage become effective before an Employee's coverage.

An Employee's Dependent child will not lose eligibility for coverage under the Plan as a result of the child becoming eligible for coverage as an Employee under the Plan. However, such individual must choose between coverage under the Plan as either an Employee or a Dependent, not both.

The birth of a newborn baby, if the Employee is already on a family Plan, will automatically be added to the benefit program as an Eligible Dependent as of the date of birth. However, if the Employee is currently carrying a single Plan, the Employee is required to notify the Plan Administrator within 31 days of the date of birth, in order to have the newborn child added at the time of birth without possible denial of coverage.

OMNIBUS BUDGET RECONCILIATION ACT (OBRA)

In compliance with the Omnibus Budget Reconciliation Act (OBRA) of 1993, the following provisions apply to Dependent coverage:

- Adopted children are eligible for coverage immediately upon placement with the family.
- If an eligible Employee who is covered under this Plan is divorced, the children of that Employee are eligible Dependents for the Plan, regardless of other Dependent qualifications, if the eligible Employee is court ordered to provide coverage. If the eligible Employee or legal Spouse has obtained a Qualified Medical Child Support Order (QMCSO), coverage will also be provided. The Dependent may not be terminated from coverage as long as the Employee is eligible for coverage and the court order is still in effect.

ILLEGAL ALIEN

Eligible Dependent shall not include any Illegal Alien. For purposes of this Plan, Illegal Alien shall mean a person who (1) is not a citizen of the United States, (2) is not lawfully admitted to the United States for permanent residence, and (3) is not authorized for employment within the United

States by the United States Immigration and Naturalization Service or the Attorney General of the United States.

QUALIFIED MEDICAL CHILD SUPPORT ORDERS

If you are required by a “Qualified Medical Child Support Order”, as defined in the Omnibus Budget Reconciliation Act of 1993 (OBRA 93), to provide coverage for your children, you can enroll these children as timely enrollees as required by OBRA 93. If you are not already enrolled in the Plan, you must also enroll at the same time.

When the Plan Administrator receives an order by a court or other authorized state agency for an Employee to provide coverage for his or her child(ren), the Plan Administrator will review the order to determine whether it is a “Qualified Medical Child Support Order”, entitled to enforcement by the Plan. The Plan’s procedures for reviewing these orders are available, without charge, upon written request to the Plan Administrator.

ENROLLMENT IN THE PLAN

If applying for family coverage, an Employee contribution towards the cost of the Plan is required by the Plan sponsor for participation in the Medical Plan. Should you wish to participate, you must complete an enrollment form. Mutual Health Services must receive the enrollment form within 31 days from the date you are eligible to enroll. You must furnish such information regarding your age, family status and other relevant matters as may be required.

You must enroll within 31 days of becoming eligible. If you enroll after the initial 31-day enrollment period, you must follow the open enrollment or special enrollment provisions.

OPEN ENROLLMENT

Open enrollment will occur during the month of November with coverage becoming effective on December 1st. Open enrollment is available to Employees who initially did not enroll in the health care plan and for Employees and/or Dependents who did not enroll at the time that a special enrollment occurred.

LATE ENROLLMENT

If you do not enroll when initially eligible or during a special enrollment period, you and your eligible Dependents may apply for coverage under the Plan only during the Plan’s Open Enrollment period.

SPECIAL ENROLLMENT RIGHTS

You or your eligible Dependent who has declined the coverage provided by this Plan may enroll for coverage under this Plan during any special enrollment period if you lose coverage or add a Dependent for the following reasons, as well as any other event that may be added by federal regulations:

1. In order to qualify for special enrollment rights because of loss of coverage, you or your eligible Dependent must have had other group health plan coverage at the time coverage under this Plan was previously offered. You or your eligible Dependent must have also stated, in writing, at that time that coverage was declined because of the other coverage, but only if the Plan required such a statement at the time coverage was declined, and you were notified of this requirement and the consequences of declining coverage at that time.
-
-

2. If coverage was non-COBRA, loss of eligibility or the Group's contributions must end. A loss of eligibility for special enrollment includes:
 - a. Loss of eligibility for coverage as a result of legal separation or divorce
 - b. Cessation of Dependent status (such as attaining the maximum age to be eligible as a dependent child under the Plan)
 - c. Death of an Eligible Employee
 - d. Termination of employment
 - e. Reduction in the number of hours of employment that results in a loss of eligibility for plan participation (including a strike, layoff or lock-out)
 - f. Loss of coverage that was one of multiple health insurance plans offered by an employer, and the Eligible Employee elects a different plan during an open enrollment period
 - g. An individual no longer resides, lives, or works in an HMO Service Area (whether or not within the choice of the individual), and no other benefit package is available to the individual through the other employer
 - h. A situation in which a plan no longer offers any benefits to the class of similarly situated individuals that includes the individual
 - i. A situation in which an individual incurs a claim that would meet or exceed a medical plan lifetime limit on all benefits (additional requirements apply)
 - j. Termination of an Employee's or Dependent's coverage under Medicaid or under a state child health insurance plan (CHIP)
 - k. The Employee or Dependent is determined to be eligible for premium assistance in the Group's plan under a Medicaid or CHIP plan
 3. If you or your eligible Dependent has COBRA coverage, the coverage must be exhausted in order to trigger a special enrollment right. Generally, this means the entire 18, 29 or 36-month COBRA period must be completed in order to trigger a special enrollment for loss of other coverage.
 4. Enrollment must be supported by written documentation of the termination of the other coverage with the effective date of said termination stated therein. With the exception of items "j" (termination of Medicaid or CHIP coverage) and "k" (eligibility for premium assistance) above, notice of intent to enroll must be provided to the Plan no later than thirty-one (31) days following the triggering event with coverage to become effective on the date the other coverage terminated. For items "j" and "k" above, notice of intent to enroll must be provided to the Plan within sixty (60) days following the triggering event, with coverage to become effective on the date of the qualifying event.
-
-

If you have a new Dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your eligible Dependents, provided that you request enrollment within thirty-one (31) days after the marriage, birth, adoption or placement for adoption.

CHANGE OF FAMILY STATUS

For any change in your Dependent status as a result of marriage, birth, or death of Spouse you must file an application for change of status as early as possible but no later than 31 days after such change.

New Dependents will be eligible on the following dates:

- a. New Spouse - date of marriage
- b. Dependent children of new Spouse - date of marriage
- c. Newborns - date of birth

You may request enrollment in the Plan no later than 60 days after the termination of coverage from Medicaid or Children's Health Insurance Coverage (CHIP) due to loss of eligibility. If you enroll on a timely basis, the effective date of coverage under this Plan will be the date of the loss of other coverage.

VERIFICATION OF DEPENDENT STATUS

The Claims Administrator may require documentation proving Dependent status, including, but not limited to, birth certificates, marriage records, or initiation of legal proceedings severing spousal or parental rights.

VERIFICATION OF INCAPACITATED DEPENDENT STATUS

The Claims Administrator may require, at reasonable intervals, subsequent proof that such Dependent child continues to be an incapacitated Dependent. The Claims Administrator reserves the right to have such incapacitated Dependent examined by a Physician of the Plan's choice, at the Plan's expense, to determine that the incapacitated Dependent is or continues to be Totally Disabled. Coverage under the Plan will cease when such Dependent child ceases to be an incapacitated Dependent, or when such Dependent child ceases to meet the requirements to be considered a Dependent under the Plan. Once this has occurred, the child cannot be re-enrolled in the Plan.

PREFERRED PROVIDER ORGANIZATION (PPO)

A Preferred Provider Organization (PPO) is a group of designated Hospitals, Physicians, and Other Providers who have agreed to work with an organization to help control health care costs by negotiating reduced fees. The PPO helps employers contain the skyrocketing cost of providing health benefits. The PPO encourages Covered Persons to be cost-minded and become "Partners in Health Care".

In the following situations, services rendered by a Non-PPO Network Provider will be considered at the PPO level:

- Certain ancillary services performed by a non-PPO Network Provider that may be beyond the Covered Person's control to designate a PPO Network Provider including, but not limited to, Hospital-based Physicians, anesthesia, pathology, lab reading and interpretation;
- If a Covered Person experiences an Emergency Medical Condition;
- If a Covered Person has no choice of a PPO Network Provider in the specialty that the Covered Person is seeking within the PPO service area;
- If a Covered Person does not live within a 50-mile radius of an PPO Network Provider;
- Eligible dependent children who reside outside of the PPO service area;

However, in these instances, the Individual may be responsible for charges in excess of the Allowed Amount. Please call the Claims Administrator if you believe any of these provisions apply to you.

PRECERTIFICATION OF BENEFITS

FOR INPATIENT HOSPITAL CONFINEMENT

This Plan is designed to assist you, your Physician and your Hospital to contain costs, while providing you with full, Medically Necessary care.

When you or your eligible Dependent are scheduled for any non-emergency surgical procedure, which would require an inpatient Hospital stay, including pregnancy admittance, you must call the utilization review company American Health Holdings.

NOTIFICATION OF HOSPITAL ADMISSION

Elective Admissions

An elective Hospital admission refers to a pre-planned admission to the Hospital for an overnight stay or longer. Patients are required to give notice to American Health Holdings of all elective admissions, except pregnancies, prior to admission.

Emergency Admissions

An emergency/urgent admission refers to a situation that requires immediate Hospitalization. In such case, the patient must call American Health Holdings within 48 hours of admission and provide them with the pertinent information concerning the admission.

Pregnancy/Childbirth

Special notification rules apply, as follows:

- **Inpatient Confinement for Delivery of Child** – American Health Holdings must be notified only if the inpatient care for the mother or child is expected to continue beyond:
 - 48 hours following a normal vaginal delivery, or
 - 96 hours following a cesarean section.
 - For inpatient care (for either the mother or child) which continues beyond the 48/96 hour limits stated above, American Health Holdings must be notified before the end of these time periods.
- **Non-Emergency Inpatient Confinement Without Delivery of Child** - Confinement during pregnancy but before the admission delivery, which is not Emergency Care, requires notification as a scheduled Confinement. American Health Holdings must be notified prior to the scheduled admission.

AMERICAN HEALTH HOLDINGS

1-800-349-8587

Retrospective Review

A retrospective review of the Medical Necessity of both the hospital stay, as well as the length of stay will be performed when the patient was not identified to the review organization in a timely manner to permit a preadmission or emergency review. If it is determined that the Plan Participant

could not reasonably ensure that the required procedures for timely notification could be met then the results of the retrospective review will be honored with no additional penalties.

The following information will be required:

- Employee's Name
- Patient's Name
- Name of Hospital and Date of Admission
- Admitting Diagnosis
- Estimated Length of Stay

Please Note: Notification of a Hospital admission does not guarantee benefit payment under the Plan. If precertification is not utilized, eligible benefits will be subject to an additional penalty of 10%, not to exceed \$500.00. This Plan procedure does not apply if this plan is not the primary coverage.

If you have completed the Predetermination of Benefits and have been approved for in-hospital confinement, it is not necessary to follow this procedure.

COMPREHENSIVE MAJOR MEDICAL BENEFITS

BENEFITS PAYABLE

If you or a Dependent incur covered expenses after the effective date of your major medical coverage, payment will be made, at the appropriate Coinsurance level, for expenses Incurred during a Calendar Year which exceed the Deductible (and any applicable Copayment amounts) as listed in the Schedule of Benefits. These percentages apply until the Covered Person reaches the Out-of-Pocket Maximum; then eligible expenses will be payable at 100% of the Allowed Amount, unless otherwise specified, until the end of the Calendar Year.

DEDUCTIBLE

The Deductible will be applied only once during a Calendar Year.

Deductible Carryover

If, during the last 3 months of the Calendar Year, a Covered Person incurs expenses which are applied toward the Deductible amount, these expenses will also be applied to the Deductible amount for the succeeding Calendar Year.

Common Accident Deductible

If two or more Covered Persons of a family are injured in the same accident, only one Deductible will be applied toward those eligible expenses, which directly resulted from injuries incurred by family members in the same accident.

LIFETIME AND ANNUAL DOLLAR LIMITS

The Essential Health Benefits that may be provided by your Plan are not subject to a lifetime or annual dollar limit. Plan benefits that are not defined as Essential Health Benefits may have a lifetime and/or annual dollar limit as shown in the Schedule of Benefits.

OUT-OF-POCKET MAXIMUM

The Out-of-Pocket Maximum applies each Calendar Year. Once a Covered Person has met the Out-of-Pocket Maximum, benefits for that Covered Person's eligible expenses will be payable at 100% of the Allowed Amount for the remainder of the Calendar Year. The Out-of-Pocket Maximum does not include penalties for pre-certification non-compliance or charges exceeding the Allowed Amount.

METHOD OF PAYMENT

Your Benefit Plan bases its payment for Covered Services upon the Allowed Amount. These Covered Services will be paid at a rate that is equal to or lower than the Allowed Amount.

MEDICAL NECESSITY

Benefits for these services are to be provided only when the services are based on valid medical need according to accepted standards of medical practice in the State of Ohio, when performed by a Physician licensed to render such services; and when billed by the Physician.

In order to be eligible for benefits, the Covered Person must be eligible to participate in an Approved Clinical Trial, according to the trial protocol with respect to treatment of cancer or other Life-threatening Conditions.

If the clinical trial is not available from a PPO Network Provider, the Covered Person may participate in an Approved Clinical Trial administered by a Non-Contracting Provider. However, the Routine Patient Costs will be covered at the Non-Contracting Amount, and the Covered Person may be subject to balance billing up to the Provider's Billed Charges for the services.

"Approved Clinical Trial" means a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or Condition and is described in any of the following:

The above exclusion for Injuries as a result of biting or chewing shall not apply if such Injury was the result of domestic violence or if an underlying medical Condition caused the biting or chewing-related Injury. For example, a Covered Person with epilepsy involuntarily clamps down on his teeth and breaks one during a seizure.

The underlying Illness must cause the chewing or biting accident that results in the Injury to the jaws, sound natural teeth, mouth or face. If a Covered Person has an underlying Illness that causes the teeth to be more susceptible to Injury, dental services related to such Injury will not be covered as an Injury sustained in an accident.

Your Plan covers Emergency Services for an Emergency Medical condition treated in any hospital emergency department.

Your Plan will not require prior authorization or impose any other administrative requirements or benefit limitations that are more restrictive if you receive Emergency Services from an out of network provider. However, an out of network provider of Emergency Services may send you a bill for any charges remaining after your Plan has paid (this is called “balance billing”).

Except where your Plan provides a better benefit, your Plan will apply the same copayments and coinsurance for out of network Emergency Services as it generally requires for in network Emergency Services. A deductible may be imposed for out of network Emergency Services, only as part of the deductible that generally applies to out of network benefits. Similarly, any out-of-pocket maximum that generally applies to out of network benefits will apply to out of network Emergency Services.

Your Plan will calculate the amount to be paid for out of network Emergency Services in three different ways and pay the greatest of the three amounts: 1) the amount your Plan pays to in network providers for the Emergency Services furnished (this calculation is not required if your Plan does not have negotiated per service amounts with in network providers for the services furnished); 2) the amount that would be paid using the same method your Plan generally uses to determine payment for out of network services but substituting in network copayments and coinsurance amounts; and (3) the amount that would be paid under Medicare for the services provided. All three of these amounts are calculated before application of any network copayments or coinsurance.

MATERNITY (Statement of Rights under the Newborns' and Mothers' Health Protection Act)

Maternity care is provided for Employees and, under a family contract, the Employees Spouse and Dependent daughters. Coverage will be paid as shown in the Schedule of Benefits.

Under Federal law, group health plans and health insurance issuers offering group health coverage generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan may pay for a shorter stay if the attending provider (e.g., your Physician, nurse, midwife, or Physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a Plan may not, under Federal law, require that a Physician or other Health Care Provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. Therefore, if your Plan contains a precertification requirement, you or your Provider must still pre-certify the stay to avoid any additional out-of-pocket expenses; however, your stay will automatically be pre-certified for 48 or 96 hours as required by this Federal law.

Abortion Coverage

This Plan does not contain benefits for any expenses or services incurred in connection with voluntary abortions or complications.

Ohio law prohibits funds of the State of Ohio or any political subdivision thereof, as defined in ORC 9.04, from being used, directly or indirectly, to pay for the costs associated with nontherapeutic abortions*. As a result, this Plan does not contain benefits for nontherapeutic abortions.

*As used in this section, "nontherapeutic abortion" means an abortion that is performed or induced when the life of the mother would not be endangered if the fetus were carried to term or when the pregnancy was not the result of rape or incest reported to a law enforcement agency."

PRESCRIPTION DRUG BENEFITS

The Prescription Drug coverage helps to meet the cost of legend drugs. A legend drug is a compound or substance that requires, under federal law, a written prescription by a licensed doctor of medicine or osteopathy, dentist or podiatrist who is legally licensed to prescribe medications. It is a drug or medication that cannot be sold over the counter without a written prescription.

COVERED PRESCRIPTION DRUGS

Items covered under this benefit include up to a 30-day supply of legend drugs and compound prescriptions containing at least one legend drug.

The amount of drugs, including Insulin, which is to be dispensed per prescription or refill will be in quantities prescribed up to a 30-day supply or up to and including 100 units, whichever is greater.

Prescriptions or authorized refills can be prescribed over the telephone. Prescriptions can be refilled for the number specified by the physician and are good for one year from the date of the prescription order.

The Plan also provides benefits for certain preventive drugs required by PPACA when a written prescription from your Physician is received. These PPACA-required drugs are covered at a zero Copayment, but specific ages and quantity limits may apply.

HOW THE PLAN WORKS

When the Physician writes a prescription for a covered drug item for you or for a Dependent, present the prescription and your identification card to a participating Pharmacy.

You will be charged the corresponding Copay for each prescription filled or refilled. The prescription card company pays any cost beyond that to the Pharmacy.

If you have a prescription filled at a Non-Participating Pharmacy or if you do not have your card with you at the time the prescription is filled, pay the pharmacist, then complete a reimbursement form and send that to the prescription card company listed on your identification card with the itemized Pharmacy receipt. Reimbursement forms are available by contacting the claims office.

If you have any questions regarding your prescription coverage, you may call Mutual Health Services at (800) 367-3762, or CVS/Caremark (Health Action Council) at 800-364-6331.

MAIL-ORDER DRUG PROGRAM

You will be able to save time and money by ordering your maintenance drugs through the Mail-Order Drug Program. Maintenance drugs can be purchased through your Mail-Order Drug Program.

To order your prescriptions, send the initial order form and attach the original prescription from your doctor. Your prescription will come directly to your home.

In order to take advantage of this program, you must order at least a 30-day supply but can receive up to a 90-day supply of your maintenance drugs.

GENERAL INFORMATION

CLAIMS PROCEDURES

Types of Claims

How you file a claim for benefits depends on the type of claim it is. There are several categories of claims for benefits:

Pre-Service Care Claim - A Pre-Service Care Claim is a claim for a benefit under the Plan which the terms of the Plan require approval of the benefit in advance of obtaining medical care. There are two special kinds of pre-service claims:

Claim Involving Urgent Care – A Claim Involving Urgent Care is any Pre-Service Care Claim for medical care or treatment with respect to which the application of the timeframes for making non-urgent care determinations (a) could seriously jeopardize your life or health or your ability to regain maximum function or (b) in the opinion of a Physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. This type of claim generally includes those situations commonly treated as emergencies. Determination of **urgent** will be made by an individual acting on behalf of the plan applying the judgment of a prudent layperson that possesses an average knowledge of health and medicine; however, any Physician with knowledge of your medical condition can determine that a claim involves urgent care.

Concurrent Care Claim - A Concurrent Care Claim is a claim for an extension of the duration or number of treatments provided through a previously approved pre-service claim. Where possible, this type of claim should be filed at least 24 hours before the expiration of any course of treatment for which an extension is being sought. Additionally, if the Plan or its designee reduces or terminates a course of treatment before the end of the course previously approved (unless the reduction or termination of benefits is due to a health plan amendment or health plan termination), then the reduction or termination is considered an adverse benefit determination. The Plan or its designee will notify you, in advance, of the reduction or termination so that you may appeal and obtain an answer on the appeal before the benefit is reduced or terminated.

Post-Service Care Claim - A Post-Service Care Claim is a claim for payment or reimbursement after services have been rendered. It is any claim that is not a Pre-Service Care Claim.

Who Must File

You may initiate pre-service claims yourself if you are able or your treating Physician may file the claim for you. You are responsible for filing post-service claims yourself, although the Plan or its designee may accept billings directly from providers on your behalf, if they contain all of the information necessary to process the claim.

Appointing an Authorized Representative. If you or your Dependent wish to have someone act on your behalf for purposes of filing claims, making inquiries and filing appeals, you must furnish the Plan or its designee with a signed and dated written statement designating your authorized representative. You can appoint any individual as your authorized representative. A Health Care Provider with knowledge of your medical condition can act as your authorized representative for purposes of a Claim Involving Urgent Care as defined above without a written designation as

authorized representative. Once you appoint an authorized representative in writing, all subsequent communications regarding your claim will be provided to your authorized representative.

Time Limit for Filing a Claim

You must file claims within 12 months of receiving Covered Services. Your claim must have the data the Plan needs to determine benefits. Should you receive a request for additional information, this must be provided within the initial 12 months.

Where to File a Claim

Claims should be filed as indicated on your Identification Card.

What to File

The Plan Administrator and the Claims Administrator furnish claim forms. When filing claims, you should attach an itemized bill from the Health Care Provider. The Claims Administrator may require you to complete a claim form for a claim. Please make sure that the claim contains the following information:

- Employee's Name and Social Security Number or Alternate ID Number
- Patient's Name
- Name of Company/Employer

Method of Claims Delivery

Pre-Service Care Claims may be initiated by telephone. The Plan may require you to provide follow-up paperwork in support of your claim.

Other claims may be submitted by U.S. Mail, by hand delivery, by facsimile (FAX), or as a HIPAA compliant electronically filed claim.

Timing of Claims Determinations

Claims Involving Urgent Care. If you file a Claim Involving Urgent Care in accordance with the claims procedures and sufficient information is received, you will be notified of the Plan's or its designee's benefit determination, whether adverse or not, as soon as is feasible, but not later than 72 hours after receipt of the claim. If you do not follow the claims procedures or the claim does not include sufficient information for the Plan or its designee to make a benefit determination, you will be notified within 24 hours after receipt of the claim of the applicable procedural deficiencies, or the specific deficiencies related to additional information necessary to make a benefit determination. You will have at least 48 hours to correct the procedural deficiencies and/or provide the requested information. The Plan or its designee must inform you of the benefit determination, whether adverse or not, as soon as possible, taking into account all medical exigencies, but not later than 48 hours after receipt of the additional information. The Plan or its designee may notify you of its benefit determination decision orally and follow with written or electronic notification not later than three (3) days after the oral notification.

Concurrent Care Claims. If your claim is one involving concurrent care, the Plan or its designee will notify you of its decision, whether adverse or not, within 24 hours after receiving the claim, if the claim was for urgent care and was received by the Plan or its designee at least 24 hours before the

expiration of the previously approved time period for treatment or number of treatments. You will be given time to provide any additional information required to reach a decision. If your concurrent care claim does not involve urgent care or is filed less than 24 hours before the expiration of the previously approved time period for treatment or number of treatments, the Plan or its designee will respond according to the type of claim involved (i.e., urgent, other pre-service or post-service).

Other Pre-Service Care Claims. If you file a Pre-Service Care Claim in accordance with the claim procedures and sufficient information is received, the Plan or its designee will notify you of its benefit determination, whether adverse or not, within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after the date it receives the claim. This 15-day period may be extended by the Plan or its designee for an additional 15 days if the extension is necessary due to matters beyond the Plan's or its designee's control. The Plan or its designee will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide all of the necessary information to process your claim, the Plan or its designee will notify you, in writing, within the initial 15 day response period and will specifically describe the missing information. You will then have at least 45 days to provide any additional information requested of you by the Plan or its designee. If you do not provide the requested information, your claim may be denied.

Post-Service Care Claims. If you file a Post-Service Care Claim in accordance with the claims procedures and sufficient information is received, the Plan or its designee will notify you of its benefit determination within a reasonable period of time, but not later than 30 days after receipt of the claim. The 30 day time period can be extended for up to an additional 15 days, if the Plan or its designee determines that an extension is necessary due to matters beyond the Plan's or its designee's control and the Plan or its designee notifies you within the initial 30 day time period of the circumstances requiring an extension of the time period, and the date by which the Plan or its designee expects to render a decision.

If more information is necessary to decide a Post-Service Care Claim, the Plan or its designee will deny the claim and notify you of the specific information necessary to complete the claim.

Notice of Claims Denial (Adverse Benefit Determination)

If, for any reason, your claim is denied, in whole or in part, you will be provided with a written notice of adverse benefit determination, in a culturally and linguistically appropriate manner, containing the following information:

1. Information sufficient to identify the claim or health care service involved, including the date of service, healthcare provider, and claim amount (if applicable);
2. The specific reason(s) for the adverse benefit determination, including the denial code and its corresponding meaning;
3. Reference to the specific plan provision(s) on which the adverse benefit determination was based;
4. If the adverse benefit determination relied upon any internal rules, guidelines or protocols, a statement that you may request a copy of the rule, guideline or protocol, which will be provided free of charge;
5. If the adverse benefit determination was based in whole or in part on Medical Necessity, Experimental/Investigative treatment or a similar limit or exclusion, a statement that you may request the scientific or clinical judgment for the determination which applies the terms of the plan to the patient's medical circumstances, which will be provided free of charge;

6. Notice of the availability, upon request, of the diagnosis code and treatment code and their corresponding meanings, if applicable;
7. Disclosure of the availability of assistance with the appeal process from the Ohio Department of Insurance if your Plan is regulated by the Ohio Department of Insurance;
8. A description of additional material or information, if any, that is required to perfect the claim and an explanation of why the information is necessary; and
9. A description of the Plan's or its designee's appeal procedures and applicable time limits, including the expedited appeal process, if applicable.

FILING A COMPLAINT

If you have a complaint, please call or write to the Customer Care Center at the telephone number or address listed on your Explanation of Benefits (EOB) form and/or identification card. To expedite the processing of an inquiry, the Employee should have the following information available:

- name of patient
- identification number
- claim number(s) (if applicable)
- date(s) of service

If your complaint is regarding a claim, a Customer Care Specialist will review the claim for correctness in processing. If the claim was processed according to terms of the Plan, the Customer Care Specialist will telephone the Employee with the response. If attempts to telephone the Employee are unsuccessful, a letter will be sent explaining how the claim was processed. If an adjustment to the claim is required, the Employee will receive a check, Explanation of Benefits or letter explaining the revised decision.

If you are not satisfied with the results, and your complaint is regarding an adverse benefit determination, you may continue to pursue the matter through the appeal process.

Additionally, the Customer Care Specialist will notify you of how to file an appeal.

How and When to File a Claims Appeal

If you dispute an Adverse Benefit Determination, you may file an appeal within 180 days of receipt of the notice of Adverse Benefit Determination. This appeal must be in writing (unless the claim involves urgent care, in which case the appeal may be made orally). Your request for review must contain the following information:

1. Your name and address;
2. Your reasons for making the appeal; and
3. The facts supporting your appeal.

You can submit your appeal by calling 1-800-367-3762. You may also submit your appeal in writing by sending your request to:

Member Appeals
PO Box 5700
Cleveland, Ohio 44101
1-800-367-3762

There is no fee to file an appeal. Appeals can be filed regardless of the claim amount at issue.

First Level Mandatory Internal Appeal

The Plan provides all members a mandatory internal appeal level. You must complete this mandatory internal appeal before any additional action is taken, except when exhaustion is unnecessary as described in the following sections.

Under the appeal process, there will be a full and fair review of the claim in accordance with applicable law for this Plan. In connection with your right to appeal the Adverse Benefit Determination, you also:

1. May review relevant documents and submit issues and comments in writing;
2. Will be given the opportunity to submit written comments, documents, records, and testimony or any other matter relevant to your claim;
3. Will, at your request and free of charge, be given reasonable access to, and copies of, all documents, records, and other information relevant to your claim for benefits;
4. Will be given a review that takes into account all comments, documents, records, and other information submitted by you relating to the claim, regardless of whether such information was submitted or considered in the initial benefit determination;
5. Will be provided free of charge with copies of any new or additional evidence that the Plan or its designee considers, relies upon or generates before a notice of Final Adverse Benefit Determination is issued, and you will have an opportunity to respond before the Plan's or its designee's time frame for issuing a notice of Final Adverse Benefit Determination expires;
6. Will be provided free of charge with any new or additional rationale upon which a Final Adverse Benefit Determination is based before the notice of Final Adverse Benefit Determination is issued, and you will have an opportunity to respond before the Plan's or its designee's timeframe for issuing a notice of Final Adverse Benefit Determination expires; and
7. May request an external review at the same time you request an internal appeal for an urgent care claim or for a concurrent care claim that is urgent.

The claim review will be subject to the following rules:

1. The claim will be reviewed by an appropriate individual, who is neither the individual who made the initial denial nor a subordinate of that individual.
2. The review will be conducted without giving deference to the initial denial.
3. If the Adverse Benefit Determination was based in whole or in part on a medical judgment (including any determinations of Medical Necessity or Experimental/Investigative treatment), the reviewer will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. This health care professional shall not be an individual who was consulted on the initial claim denial nor the subordinate of such an individual. Health care professionals who conduct the appeal act independently and impartially. Decisions to hire, compensate, terminate, promote or retain these professionals are not based in any manner on the likelihood that these professionals will support a denial of benefits. Upon specific written request from you, the Plan or its designee will provide the identification of the medical or vocational expert whose advice was obtained on behalf of the Plan in connection with the Adverse Benefit Determination, without regard to whether the advice was relied upon in making the benefit determination.
4. You will receive continued coverage pending the outcome of the appeals process. For this purpose, the Plan or its designee may not reduce or terminate benefits for an ongoing course of treatment without providing advance notice and an opportunity for advance review. If the Plan's Adverse Benefit Determination is upheld, you may be responsible for the payment of services you receive while the appeals process was pending.

Timetable for Deciding Appeals

The Plan must issue a decision on your appeal according to the following timetable:

Urgent Care Claims – as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receiving your request for a review.

Pre-Service Claims – within a reasonable period of time appropriate to the medical circumstances, but not later than 30 days after receiving your request for a review.

Post-Service Claims - not later than 30 days after receiving your request for a review.

Decisions will be issued on concurrent claim appeals within the time frame appropriate for the type of concurrent care claim (i.e., urgent, other pre-service or post-service).

Notice of Final Adverse Benefit Determination after Appeal

If the appeal has been either partially or completely denied, you will be provided with a written notice of Final Adverse Benefit Determination in a culturally and linguistically appropriate manner containing the following information:

1. Information sufficient to identify the claim or health care service involved, including the date of service, healthcare provider, and claim amount (if applicable);
2. The specific reason(s) for the Final Adverse Benefit Determination, including the denial code and its corresponding meaning;
3. Reference to the specific plan provision(s) on which the Final Adverse Benefit Determination is based;
4. A statement that you may request reasonable access to and copies of all documents, records and other information relevant to your appealed claim for benefits, which shall be provided to you without charge;
5. If the Final Adverse Benefit Determination relied upon any internal rules, guidelines or protocols, a statement that you may request a copy of the rule, guideline or protocol, which will be provided to you without charge;
6. If the Final Adverse Benefit Determination was based in whole or in part on Medical Necessity, Experimental/Investigative treatment or a similar limit or exclusion, a statement that you may request the scientific or clinical judgment for the determination which applies the terms of the plan to the patient's medical circumstances, which will be provided to you without charge;
7. Notice of the availability, upon request, of the diagnosis code and treatment code and their corresponding meanings, if applicable;

What Happens After the First Level Mandatory Internal Appeal

B. Understanding the External Review Process

Under Chapter 3922 of the Ohio Revised Code all Health Plan Issuers must provide a process that allows a person covered under a Health Benefit Plan or a person applying for Health Benefit Plan coverage to request an independent external review of an Adverse Benefit Determination. This is a summary of that external review process. An Adverse Benefit Determination is a decision by the Plan to deny a requested Health Care Service or payment because services are not covered, are excluded, or limited under the plan, or the Covered Person is not eligible to receive the benefit.

The Adverse Benefit Determination may involve an issue of Medical Necessity, appropriateness, health care setting, or level of care or effectiveness. An Adverse Benefit Determination can also be a decision to deny Health Benefit Plan coverage or to Rescind coverage.

C. Opportunity for External Review

An external review may be conducted by an Independent Review Organization (IRO) or by the Ohio Department of Insurance. The Covered Person does not pay for the external review. There is no minimum cost of Health Care Services denied in order to qualify for an external review. However, the Covered Person must generally exhaust the Plan's mandatory internal appeal process before seeking an external review. Exceptions to this requirement will be included in the notice of the Adverse Benefit Determination.

1. External Review by an IRO

A Covered Person is entitled to an external review by an IRO in the following instances:

- The Adverse Benefit Determination involves a medical judgment or is based on any medical information
- The Adverse Benefit Determination indicates the requested service is Experimental or Investigational, the requested Health Care Service is not explicitly excluded in the Covered Person's Health Benefit Plan, and the treating physician certifies at least one of the following:
- Standard Health Care Services have not been effective in improving the condition of the Covered Person
- Standard Health Care Services are not medically appropriate for the Covered Person
- No available standard Health Care Service covered by the Plan is more beneficial than the requested Health Care Service

There are two types of IRO reviews, standard and expedited. A standard review is normally completed within 30 days. An expedited review for urgent medical situations is normally completed within 72 hours and can be requested if any of the following applies:

- The Covered Person's treating physician certifies that the Adverse Benefit Determination involves a medical condition that could seriously jeopardize the life or health of the Covered Person or would jeopardize the Covered Person's ability to regain maximum function if treatment is delayed until after the time frame of an expedited internal appeal, and the Covered Person has filed a request for an expedited internal appeal.
 - The Covered Person's treating physician certifies that the Final Adverse Benefit Determination involves a medical condition that could seriously jeopardize the life or health of the Covered Person or would jeopardize the Covered Person's ability to regain maximum function if treatment is delayed until after the time frame of a standard external review.
 - The Final Adverse Benefit Determination concerns an admission, availability of care, continued stay, or Health Care Service for which the Covered Person received Emergency Services, but has not yet been discharged from a facility.
 - An expedited internal appeal is already in progress for an Adverse Benefit Determination of Experimental or Investigational treatment and the Covered Person's treating physician certifies in writing that the recommended Health Care Service or treatment would be significantly less effective if not promptly initiated.
-

NOTE: An expedited external review is not available for retrospective Final Adverse Benefit Determinations (meaning the Health Care Service has already been provided to the Covered Person).

2. External Review by the Ohio Department of Insurance

A Covered Person is entitled to an external review by the Department in either of the following instances:

- The Adverse Benefit Determination is based on a contractual issue that does not involve a medical judgment or medical information.
- The Adverse Benefit Determination for an Emergency Medical Condition indicates that medical condition did not meet the definition of emergency AND the Plan's decision has already been upheld through an external review by an IRO.

D. Request for External Review

Regardless of whether the external review case is to be reviewed by an IRO or the Department of Insurance, the Covered Person, or an Authorized Representative, must request an external review through the Plan within 180 days of the date of the notice of final adverse benefit determination issued by the Plan.

All requests must be in writing, including by electronic means, except for a request for an expedited external review. Expedited external reviews may be requested orally. The Covered Person will be required to consent to the release of applicable medical records and sign a medical records release authorization.

If the request is complete and eligible the Plan will initiate the external review and notify the Covered Person in writing, or immediately in the case of an expedited review, that the request is complete and eligible for external review. The notice will include the name and contact information for the assigned IRO or the Ohio Department of Insurance (as applicable) for the purpose of submitting additional information. When a standard review is requested, the notice will inform the Covered Person that, within 10 business days after receipt of the notice, they may submit additional information in writing to the IRO or the Ohio Department of Insurance (as applicable) for consideration in the review. The Plan will also forward all documents and information used to make the Adverse Benefit Determination to the assigned IRO or the Ohio Department of Insurance (as applicable).

If the request is not complete the Plan will inform the Covered Person in writing and specify what information is needed to make the request complete. If the Plan determines that the Adverse Benefit Determination is not eligible for external review, the Plan must notify the Covered Person in writing and provide the Covered Person with the reason for the denial and inform the Covered Person that the denial may be appealed to the Ohio Department of Insurance.

The Ohio Department of Insurance may determine the request is eligible for external review regardless of the decision by the Plan and require that the request be referred for external review. The Department's decision will be made in accordance with the terms of the Health Benefit Plan and all applicable provisions of the law.

E. IRO Assignment

When the Plan initiates an external review by an IRO, the Ohio Department of Insurance web based system randomly assigns the review to an accredited IRO that is qualified to conduct the review based on the type of Health Care Service. An IRO that has a conflict of interest with the Plan, the Covered Person, the health care provider or the health care facility will not be selected to conduct the review.

F. Reconsideration by the Plan

If you submit information to the Independent Review Organization or the Ohio Department of Insurance to consider, the Independent Review Organization or Ohio Department of Insurance will forward a copy of the information to the Plan. Upon receipt of the information, the Plan may reconsider its Adverse Benefit Determination and provide coverage for the Health Care Service in question. Reconsideration by the Plan will not delay or terminate an external review. If the Plan reverses an Adverse Benefit Determination, the Plan will notify you in writing and the Independent Review Organization will terminate the external review.

G. IRO Review and Decision

The IRO must consider all documents and information considered by the Plan in making the Adverse Benefit Determination, any information submitted by the Covered Person and other information such as; the Covered Person's medical records, the attending health care professional's recommendation, consulting reports from appropriate health care professionals, the terms of coverage under the Health Benefit Plan, the most appropriate practice guidelines, clinical review criteria used by the Health Plan Issuer or its Utilization Review organization, and the opinions of the IRO's clinical reviewers.

The IRO will provide a written notice of its decision within 30 days of receipt by the Plan of a request for a standard review or within 72 hours of receipt by the Plan of a request for an expedited review. This notice will be sent to the Covered Person, the Plan and the Ohio Department of Insurance and must include the following information:

- A general description of the reason for the request for external review
- The date the Independent Review Organization was assigned by the Ohio Department of Insurance to conduct the external review
- The dates over which the external review was conducted
- The date on which the Independent Review Organization's decision was made
- The rationale for its decision
- References to the evidence or documentation, including any evidence-based standards, that were used or considered in reaching its decision

NOTE: Written decisions of an IRO concerning an Adverse Benefit Determination that involves a health care treatment or service that is stated to be Experimental or Investigational also includes the principle reason(s) for the IRO's decision and the written opinion of each clinical reviewer including their recommendation and their rationale for the recommendation.

H. Binding Nature of External Review Decision

An external review decision is binding on the Plan except to the extent the Plan has other remedies available under state law. The decision is also binding on the Covered Person except to the extent the Covered Person has other remedies available under applicable state or federal law.

A Covered Person may not file a subsequent request for an external review involving the same Adverse Benefit Determination that was previously reviewed unless new medical or scientific evidence is submitted to the Plan.

LEGAL ACTION

You may not begin any legal action until you have followed the procedures and exhausted the administrative remedies described in this section. These review procedures shall be the exclusive mechanism through which determinations of eligibility and benefits may be appealed. No action, at law or in equity, shall be brought to recover benefits within 60 days after Mutual Health Services receives written proof in accordance with this Summary Plan Description that Covered Services have been given to you. No such action may be brought later than three years after expiration of the required claim filing limit as specified.

RIGHT TO REVIEW CLAIMS AND RECEIVE NECESSARY INFORMATION

For the purpose of implementing the terms of this coverage, Mutual Health Services may, without the consent of or notice to any person, release or obtain from any insurance company or other organization or person any information, with respect to any person, which it deems necessary for determining benefits payable.

HEALTH CARE FRAUD

Health care fraud is a felony that can be prosecuted. Any Participant who willfully and knowingly engages in an activity intending to defraud this Plan will face disciplinary action and / or prosecution. Furthermore, any Participant who receives money from the Plan to which he is not entitled will be required to fully reimburse the Plan.

PLAN AMENDMENTS

Plan amendments will be distributed to all Plan Participants.

MATERIAL REDUCTIONS

In the case of any modification or change that is a "material reduction in covered services or benefit provided under the Employee Benefit Plan," plan participants must be furnished the summary of such modification or change no later than 60 days after the adoption of the modification or change.

RIGHT TO RELEASE CLAIMS AND RECEIVE NECESSARY INFORMATION

For the purpose of implementing the terms of this coverage, Mutual Health Services may, without the consent of or notice to any person, release or obtain from any insurance company or other organization or person any information, with respect to any person, which it deems necessary for determining benefits payable.

PHYSICAL EXAMINATION

Mutual Health Services shall, upon request and at the expense of the benefit program and by a Physician of its own choice, have the right and opportunity to physically examine any covered individual with respect to the Surgical and Medical Services listed in the Summary Plan Description.

RESCISSION OF COVERAGE

A rescission of your coverage means that the coverage may be legally voided all the way back to the day the Plan began to provide you with coverage, just as if you never had coverage under the Plan. Your coverage can only be rescinded if you (or a person seeking coverage on your behalf), performs an act, practice, or omission that constitutes fraud; or unless you (or a person seeking coverage on your behalf) makes an intentional misrepresentation of material fact, as prohibited by the terms of your Plan.

Your coverage can also be rescinded due to such an act, practice, omission or intentional misrepresentation by your employer. You will be provided with thirty (30) calendar days' advance notice before your coverage is rescinded. You have the right to request an internal appeal of a rescission of your coverage. Once the internal appeal process is exhausted, you have the additional right to request an independent external review.

FACILITY OF PAYMENT

When another plan makes payment which should have been made under this plan, Mutual Health Services shall have the right to directly reimburse the other plan making payment.

RIGHT OF RECOVERY

If the Plan makes any payment which is determined in excess of the Plan's benefits, the Plan shall have the right to recover the amount determined to be in error. The Plan shall recover the amount of the overpayment directly from the person to which it was paid.

GENETIC INFORMATION NONDISCRIMINATION ACT (GINA)

Individuals will be protected from discrimination in health plans on the basis of their genetic information. The Plan will not discriminate against individuals based upon their genetic information, which includes information about genetic tests, the genetic test of family members and the manifestation of a disease or disorder in family members. In addition, genetic information will be considered "health information" for purposes of the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

LARGE CASE MANAGEMENT

Large case management is a program which identifies potential high risk, high cost claims in order to direct the patient toward the most cost-effective, quality medical care available, as well as provide the patient and the patient's family with another avenue for information and options.

When a Covered Person's condition warrants (i.e. chronic illness, catastrophic injury, etc.) the Plan shall have the right to initiate case management and waive the normal provisions of the Plan when it is reasonable to expect a cost effective result without sacrifice to the quality of patient care. The Case Manager will first contact the patient and/or the patient's family to introduce themselves and answer questions. The Case manager will also contact the patient's attending Physician and other medical providers to introduce themselves and to assure that all available resources are considered.

Should an alternate treatment plan be proposed, the Case Manager, attending Physician, patient, and patient's family must all agree to the alternate treatment plan. However, the patient and/or patient's family cannot refuse to cooperate with the case management firm including signing necessary authorization forms to obtain health information.

COORDINATION OF BENEFITS

Individuals might be covered under two or more plans; and in the event of an accident or illness, could possibly submit claims to each of the different companies underwriting their plans of coverage. The end result might be that the total claim payments from the companies exceed the individual's total medical expenses. Therefore, the following Coordination of Benefits provision applies to this coverage.

This provision is not to deny you benefits but to ensure that duplicate payments are not made when you are covered by this and any other contract. Under this plan of group coverage all benefits will be coordinated with all other plans you or your Dependent might have coverage through, so that the total amount payable under all plans will not exceed 100% of your total medical expense incurred during a calendar year. However, if your Dependents have coverage under any other plan and said plan is considered primary payor and the Dependent Spouse fails to comply with the requirements of the other plan or fails to utilize a Health Maintenance Organization (HMO) which has been selected by said Dependent Spouse under the other plan and the other plan would have been primary for the Dependent's actions, this plan will not pay any portion of the allowable expenses incurred by that Dependent Spouse.

For a Dependent child who fails to utilize the services of the HMO, which would otherwise be considered as the primary payor for the Dependent, this Plan will pay its pro-rata share, up to one-half of the allowable benefits determined by this Plan.

With regard to Coordination of Benefits, "Other Plan(s)" shall mean:

- Any HMO's and other group or individual practice plans;
- Governmental programs, except:
 - Coverage provided under Medicare, Medicaid (Title XIX), or the Social Security Act of 1965, as amended;
 - Any plan where, by law, its benefits are excess to those of any private insurance plan or non-governmental plan;
- Coverage under labor-management trustee plans;
- Coverage under union welfare plans;
- Coverage under employer organization Plans or Employee benefit organization Plans.

The order of benefit determination will be handled as follows:

1. The primary plan for husbands or wives is that which covers the person as an Employee or as the certificate holder.
2. For children's expenses, the primary plan is the plan of the parent whose birthday falls earlier in the Calendar Year.
3. For children's expenses when the parents are separated or divorced:
 - a. Primary will be the plan of the parent who, by court decree, is responsible for providing medical coverage.
 - b. Secondary will be the plan of the other natural parent. *
 - c. If any plan lacks a coordination of benefits' provision, it will be the primary plan.

- * If there is no court decree stating who should provide benefits, then the plan of the parent with custody will be the primary payor. If the parent with custody has remarried, then the stepparent will be the secondary plan and the plan of the natural parent without custody will pay last.

SUBROGATION AND RIGHT OF RECOVERY

The provisions of this section apply to all current or former Plan Participants and also to the parent(s), guardian, or other representative of a Dependent child who Incurs claims and is or has been covered by the Plan. The Plan's right to Recover (whether by Subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the Plan pays benefits. No adult Covered Person hereunder may assign any rights that it may have to Recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult Covered Person without the prior express written consent of the Plan.

The Plan's right of Subrogation and reimbursement, as set forth below, extends to all insurance coverage available to you due to an Injury, Illness, or Condition for which the Plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers compensation coverage, no-fault automobile coverage, or any first party insurance coverage).

Your health Plan is always secondary to automobile or premises no-fault coverage, personal injury protection coverage, or medical payments coverage.

Subrogation

The right of Subrogation means the Plan is entitled to pursue any claims that you may have in order to Recover the benefits paid by the Plan. Immediately upon paying or providing any benefit under the Plan, the Plan shall be Subrogated to (stand in the place of) your right of Recovery with respect to any claim or potential claim against any party, due to an Injury, Illness, or Condition to the full extent of benefits provided, or to be provided, by the Plan. The Plan may assert a claim or file suit in your name and take appropriate action to assert its Subrogation claim, with or without your consent. The Plan is not required to pay you part of any Recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an Injury, Illness, or Condition, you agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that Injury, Illness, or Condition, up to and including the full amount of your Recovery.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider), you agree that if you receive any payment as a result of an Injury, Illness, or Condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the Plan.

Lien Rights

Further, the Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of the Illness, Injury, or Condition upon any Recovery whether by settlement, judgment or otherwise, related to treatment for any Illness, Injury, or Condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the Plan including, but not limited to, you, your representative or agent, and any other source possessing funds representing the amount of benefits paid by the Plan.

Assignment

In order to secure the Plan's Recovery rights, you agree to assign to the Plan any benefits, claims, or right of Recovery you have under any automobile policy or other coverage, to the full extent of the Plan's Subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the Plan, you acknowledge that the Plan's Recovery rights are a first priority claim and are to be repaid to the Plan before you receive any Recovery for your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the Plan will result in a Recovery that is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The Plan is not required to participate in or pay your court costs or attorneys' fees to any attorneys you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire Subrogation and right of Recovery provision shall apply. The Plan is entitled to full Recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the Plan provided and regardless of whether the settlement or judgment purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The Plan is entitled to Recover from any and all settlements or judgments, even those designated as pain and suffering, non-economic damages and/or general damages only. The Plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the Plan's efforts to Recover benefits paid. It is your duty to notify the Plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to Recover damages or obtain compensation due to your Injury, Illness or Condition. You and your agents shall provide all information requested by the Plan, the Claims Administrator, or its representative, including, but not limited to, completing and submitting any application or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal injury litigation. Failure to provide this information, failure to assist the Plan in pursuit of its Subrogation rights, or failure to reimburse the Plan from any settlement or Recovery you receive may result in the termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the Plan's Subrogation and Recovery interests or to prejudice the Plan's ability to enforce the terms of this Plan provision. This includes, but is not limited to,

refraining from making any settlement or Recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan. If you fail to cooperate with the Plan in its efforts to Recover such amounts or do anything to hinder or prevent such a Recovery, you will cease to be entitled to any further Plan benefits. The Plan will also have the right to withhold or offset future benefit payments up to the amount of any settlement, judgment, or Recovery you obtain, regardless of whether the settlement, judgment, or Recovery is designated to cover future medical benefits or expenses.

You acknowledge that the Plan has the right to conduct an investigation regarding the Injury, Illness, or Condition to identify potential sources of Recovery. The Plan reserves the right to notify all parties and his/her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the Plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 et seq., to share your personal health information in exercising its Subrogation and reimbursement rights.

Interpretation

In the event that a claim is made that any part of this Subrogation and right of Recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the Plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the Plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the Plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the Plan incurs in successful attempts to Recover amounts the Plan is entitled to under this section.

PROVISIONS APPLICABLE TO ALL COVERAGE

The Plan Sponsor reserves the right to terminate, suspend, withdraw, amend, or modify the Plan at any time. Any such change or termination in benefits (a) will be based solely on the decision of the Plan Sponsor; and (b) may apply to active Employees or present and future retirees as either separate groups or as one group.

Any representations or statements which disagree with the provisions of the Plan as stated herein, which are made by the Plan Sponsor, Plan Administrators, Representatives or Agents, plan Participants or providers:

1. Shall not be considered as representations or statements made by, or on behalf of the Plan; Plan Sponsor or Administrator;
2. Shall not bind Plan Administrator for benefits under the Plan.

TERMINATION OF COVERAGE

Your coverage under this Plan will terminate at the earliest time stated below:

- When you cease your contributions toward the Plan; or
- When this Plan is discontinued; or
- Retirement; or
- For Employees receiving accrued wages and resigning at the end of school year, benefits will cease. This includes:
 - Reduction in Staff (RIS)
 - Non-renewal
Insurance benefits will cease on August 31 of the current school year.
 - Long-term substitute teachers
 - 12 month Employees or Employees terminating during the school year

In addition to the above, coverage with respect to an individual Dependent terminates:

- When such person becomes eligible and chooses to be covered as an Employee; or
- When such person ceases to be an eligible Dependent as stated in the Dependent Eligibility section of the Plan; except that the coverage of a Dependent child shall not cease because of the attainment of the anniversary of his date of birth specified in the definition of "Dependent" hereunder, if proof is furnished to the Administrator within 31 days after such anniversary that on such anniversary, the Dependent child is incapable of self-sustaining employment by reason of mental retardation or physical handicap and that such child is chiefly Dependent upon your support and maintenance. The coverage as to such child will be continued while such incapacity continues and while your coverage with respect to your Dependent remains in force provided such child meets all the requirements of the definition of "Dependent" except age.

DEPENDENT COVERAGE AFTER DEATH OF EMPLOYEE

If an Employee dies while covered under a family contract of the Plan, any of the Employee's Dependents who are covered at the time of his death will remain Covered for the benefits indicated in the section entitled "Benefits During Continuation" without further payment of premiums, but for no longer than two years from the date of the Employee's death. In no event will coverage on an Employee's Dependents be extended beyond the date the surviving Spouse, if any, remarries nor will coverage on any Dependent be extended beyond the date that Dependents qualify for Medicare or beyond the date that Dependent ceases to qualify as a Dependent for any reason other than lack of primary support by the Employee.

The Dependent benefits payable after the date of the Employee's death will be those in effect on the Employee's last day of active service, except that any provisions reducing or terminating benefits because of retirement or attainment of a specified age will be applied to the extent that those provisions would apply if the Employee were then living.

FAMILY AND MEDICAL LEAVE

If you take an approved leave of absence in accordance with the federal Family and Medical Leave Act of 1993, coverage for you and your Dependents will be continued under the same terms and conditions as if you have continued performing services for Streetsboro City Schools, provided you continue to pay your regular contribution towards coverage.

If you fail to make the required contribution for coverage within the 30-day grace period from the contribution due date, then your coverage will terminate as of the date the contribution was due.

If you do not return to work for Streetsboro City Schools after the approved Family Medical Leave, or if you have given notice of intent not to return to work during the leave, or if you exhaust your FMLA entitlement, coverage may be continued under the Continuation of Coverage (COBRA) provision of this Plan, provided you elect to continue under the COBRA provision. Continuation of Coverage (COBRA) will be provided only if the following conditions have been met:

1. You were covered under this Plan on the day before the FMLA leave began or became covered during the FMLA leave;
2. You do not return to work after an approved FMLA leave; and
3. Without COBRA, you would lose coverage under this Plan.

Continuation of Coverage (COBRA) will become effective on the last day of the FMLA leave as determined below:

1. The date you fail to return to work after an approved Family or Medical Leave;
2. The date you inform Streetsboro City Schools that you do not intend to return to work; or
3. The date you exhaust your FMLA entitlement and fail to return to work.

Coverage continued during a Family or Medical Leave will not be counted toward the maximum COBRA continuation period.

If you decline coverage during the FMLA leave period, or if you elect to continue coverage during the Family or Medical Leave and fail to pay the required contributions, you will still be eligible for COBRA continuation at the end of the FMLA leave, if you do not return to work. COBRA continuation will become effective on the last day of the FMLA leave. You need not provide evidence of good health to elect COBRA continuation, even if there was a lapse in coverage during the FMLA leave period.

If coverage lapses for any reason during an FMLA leave and you return to work on a timely basis following an approved FMLA leave, coverage will be reinstated as if you have continued performing services during the leave, including Dependent coverage. Reinstatement will be provided without having to satisfy any waiting period, or provide evidence of good health.

If, however, such return or destruction is not feasible, the Plan Sponsor will limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible.

The Plan, or a business associate or health care issuer with respect to the Plan, may disclose summary health information to the Plan Sponsor without the need to amend the Plan Documents as provided for in the “504” provisions, if the Plan Sponsor requests the summary health information for the purpose of:

COBRA COVERAGE**SUMMARY OF RIGHTS AND OBLIGATIONS REGARDING CONTINUATION OF COVERAGE UNDER THE BENEFIT PLAN**

Federal law requires most employers sponsoring group health plans to offer Employees and their families the opportunity to elect a temporary extension of health coverage (called “continuation coverage” or “COBRA coverage”) in certain instances where coverage under the group health plan would otherwise end. You do not have to show that you are insurable to elect continuation coverage. However, you will have to pay all of the cost of your continuation coverage.

This section is intended only to summarize, as best possible, your rights and obligations under the law. The Plan offers no greater COBRA rights than what the COBRA statute requires, and this Notice should be construed accordingly.

Both you (the Employee) and your Spouse should read this summary carefully and keep it with your records.

Qualifying Events

If you are an Employee of Streetsboro City Schools and you are covered by the Plan, you have a right to elect continuation coverage if you lose coverage under the Plan because of any of the following “qualifying events”:

1. Termination (for reasons other than your gross misconduct) of your employment.
2. Reduction in the hours of your employment.
3. Disability Determination

If you are the Spouse of an Employee covered by the Plan, you have the right to elect continuation coverage if you lose coverage under the Plan because of any of the following five “qualifying events”:

1. The death of your Spouse.
2. A termination of your Spouse’s employment (for reasons other than gross misconduct) or reduction in your Spouse’s hours of employment with Streetsboro City Schools.
3. Divorce or legal separation from your Spouse. (Also, if an Employee drops his or her Spouse from coverage in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the later event will be considered a qualifying event even though the ex-Spouse lost coverage earlier. If the ex-Spouse notifies the administrator within 60 days of divorce and can establish that the coverage was dropped earlier in anticipation of divorce, then COBRA coverage may be available for the period after the divorce or legal separation.)
4. Your Spouse becomes entitled to Medicare benefits.
5. Your Spouse becomes disabled.

In the case of a Dependent child of an Employee covered by the Plan, he or she has the right to elect continuation coverage if group health coverage under the Plan is lost because of any of the following six “qualifying events”:

1. The death of the Employee parent.
2. The termination of the Employee parent’s employment (for reasons other than gross misconduct) or reduction in the Employee parent’s hours of employment with Streetsboro City Schools.

3. Parents' divorce or legal separation.
4. The Employee parent becomes entitled to Medicare benefits.
5. The Dependent ceases to be a "Dependent child" under the Plan.
6. Employee parent becomes disabled.

Notices and Election Procedures

Your employer is responsible for notifying the plan administrator of certain qualifying events, such as termination of employment (other than gross misconduct), reduction of hours, death and Employee's Medicare entitlement. You (the Employee) and/or your qualified beneficiaries will be notified of the right to elect continuation coverage automatically (i.e., without any action required by you or a family member) upon these events that resulted in a loss in coverage.

Under the COBRA statute, you (the Employee) or a family member have the responsibility to notify the Plan Administrator upon a divorce, legal separation, a child losing Dependent status, or a disability determination. This notice is required to be submitted to your Plan Administrator in writing. You must contact your Plan Administrator to obtain an "Enrollment/Change Form" to provide proper notice. The form provides information as to whom and where the Notice is to be sent. You or a family member must provide this notice within 60 days of the date of the qualifying event, or the date coverage is lost, whichever is later.

Notification of a second qualifying event must be made to the Plan Administrator within 60 days of the qualifying event, and must be in writing as described in the above paragraph,

Notification of a disability determination must be made to the Plan Administrator within 60 days of the LATER of the date of determination, date of qualifying event, or date coverage is lost as a result of the qualifying event. Notification must be in writing as described in the above paragraph, and a copy of the SSA Determination, or another correspondence from the Social Security Administration that includes all the information Mutual Health Services will need from the original determination letter to decide whether you are eligible for the extended coverage, must accompany your notice. Please note you have 30 days from the determination to notify Plan Administrator that you are no longer disabled.

If you or family members fail to provide this notice to the Plan Administrator during this 60-day notice period, any family member who loses coverage will NOT be offered the option to elect continuation coverage. Further, if you or a family member, fail to notify the Plan Administrator, and any claims are paid mistakenly for expenses Incurred after the last day of coverage, then you and your qualified beneficiaries will be required to reimburse the Plan for any claims so paid.

If the Plan Administrator is provided timely notice of a divorce, legal separation, a child's losing Dependent status, or a disability determination that has caused a loss of coverage, the Plan Administrator will notify the affected family member of the right to elect continuation coverage.

You (the Employee) or your qualified beneficiaries must elect continuation coverage within 60 days after Plan coverage ends or, if later, 60 days after the Plan Administrator sends you or your family member notice of the right to elect continuation coverage.

If you or your qualified Beneficiaries do not elect continuation coverage within this 60-day election period, you or your qualified Beneficiaries will lose the right to elect continuation coverage. Once the election is sent to the Plan Sponsor it is effective back to the date the employer sponsored coverage was lost. Please Note: No claims will be paid until the COBRA payment is received.

A covered Employee or the Spouse of the covered Employee may elect continuation coverage for all qualified beneficiaries. The covered Employee and his or her Spouse and Dependent children each also have an independent right to elect continuation coverage. Thus, a Spouse or Dependent child may elect continuation coverage even if the covered Employee does not (or is not deemed to) elect it.

You or your qualified beneficiaries can elect continuation coverage if you or the family member, at the time you or the family member elect continuation coverage, are covered under another employer-sponsored group health plan or are entitled to Medicare.

Type of Coverage; Payments of Contributions

Ordinarily, you or your qualified beneficiaries will be offered COBRA coverage that is the same coverage that you, he or she had on the day before the qualifying event. Therefore, a person (Employee, Spouse or Dependent child) who is not covered under the Plan on the day before the qualifying event is generally not entitled to COBRA coverage except, for example, where there is no coverage because it was eliminated in anticipation of a qualifying event such as divorce. If the coverage for similarly situated Employees or their family members is modified, COBRA coverage will be modified the same way.

The premium payments for the “initial premium months” must be paid for you (the Employee) and any qualified beneficiaries by the 45th day after electing continuation coverage. The initial premium months begin from the date you lost your employer sponsored coverage, and end on or before the 45th day after the date of the COBRA election. All other premiums are due on the 1st day of the month for which the premium is paid, subject to a 30-day grace period. A premium payment is made on the date it is post-marked or actually received; whichever is earlier.

Maximum Coverage Periods

36 Months. If you (Spouse or Dependent child) lose group health coverage because of the Employee’s death, divorce, legal separation, or the Employee’s becoming entitled to Medicare, or because you lose your status as a Dependent under the Plan, the maximum continuation coverage period (for Spouse and Dependent child) is 36 months from the date of the qualifying event. If the Employee is entitled to Medicare at the time of or after the initial qualifying event, please see Item 3 under Exceptions below.

18 Months. If you (Employee, Spouse or Dependent child) lose group health coverage because of the Employee’s termination of employment (other than for gross misconduct), reduction in hours, or disability determination the maximum continuation coverage period (for the Employee, Spouse and Dependent child) is 18 months from the date of termination or reduction in hours.

If the Employee is entitled to Medicare at the time of or after the initial qualifying event, please see Item 3 under Exceptions below.

Exceptions. There are three exceptions:

1. If an Employee or family member is disabled at any time during the first 60 days of continuation coverage (running from the date of termination of employment or reduction in hours), the continuation coverage period for all qualified beneficiaries under the qualifying event is 29 months from the date of termination or reduction in hours. The Social Security Administration must formally determine under Title II (Old Age, Survivors, and Disability

Insurance) or Title XVI (Supplemental Security Income) of the Social Security Act that the disability exists and when it began. For the 29-month continuation coverage period to apply, notice of the determination of disability under the Social Security Act must be provided to The Company or the Plan Administrator both within the 18-month coverage period and within 60 days after the date of the determination.

2. If a second qualifying event that gives rise to a 36-month maximum coverage period (for example, the Employee dies or becomes divorced) occurs within an 18-month or 29-month coverage period, the maximum coverage period becomes 36 months from the date of the initial termination or reduction in hours for the Spouse or dependent child.
3. If within the 18 month period after Medicare entitlement, the Employee experiences a qualifying event (due to termination or reduction of hours worked) then the period of continuation for family members, other than the Employee, who are qualified beneficiaries, is up to 36 months from the date of Medicare entitlement.

If the Employee experiences a qualifying event on or before the date of Medicare entitlement, or after the expiration of the 18 month period after Medicare entitlement, both Employee and family members who are qualified beneficiaries are entitled to up to 18 months from the date of the qualifying event.

If the Employee's Medicare entitlement follows an initial qualifying event (due to termination or reduction of hours worked) and would have resulted in a loss of coverage had it occurred before the initial qualifying event, then other family members who are qualified beneficiaries will be allowed to elect COBRA coverage up to 36 months from the date of the initial qualifying event.

Children Born To, or Placed for Adoption with the Covered Employee after the Qualifying Event

If, during the period of continuation coverage, a child is born to, adopted by or placed for adoption with the covered Employee and the covered Employee has elected continuation coverage for himself or herself, the child is considered a qualified beneficiary. The covered Employee or other guardian has the right to elect continuation coverage for the child, provided the child satisfies the otherwise applicable plan eligibility requirements (for example, age). The covered Employee or a family member must notify the Plan Administrator within 30 days of the birth, adoption, or placement to enroll the child on COBRA, and COBRA coverage will last as long as it lasts for other family members of the Employee. (The 30-day period is the Plan's normal enrollment window for newborn children, adopted children or children placed for adoption). If the covered Employee or family member fails to so notify the Plan Administrator in a timely fashion, the covered Employee will NOT be offered the option to elect COBRA coverage for the child.

Termination of COBRA before the End of Maximum Coverage Period

Continuation coverage of the Employee, Spouse, and/or Dependent child will automatically terminate (before the end of the maximum coverage period) when any one of the following six events occurs:

1. The Company no longer provides group health coverage to any of its Employees.
2. The premium for the qualified beneficiary's COBRA coverage is not timely paid.
3. After electing COBRA, you (Employee, Spouse or Dependent child) become covered under another group health plan (as an Employee or otherwise) that has no exclusion or limitation with respect to any preexisting condition that you have. If the "other plan" has applicable exclusions

or limitations, your COBRA coverage will terminate after the exclusion or limitation no longer applies (for example, after a 12-month preexisting condition waiting period expires). This rule applies only to the qualified beneficiary who becomes covered by another group health plan. Note that under Federal law (the Health Insurance Portability and Accountability Act of 1996), an exclusion, or limitation of the other group health plan might not apply at all to the qualified beneficiary, depending on the length of his or her creditable health plan coverage prior to enrolling in the other group health plan.

4. After electing COBRA, you (Employee, Spouse or Dependent child) become entitled to Medicare benefits. This will apply only to the person who becomes entitled to Medicare.
5. If you (Employee, Spouse or Dependent child) became entitled to a 29-month maximum coverage period due to disability of a qualified beneficiary, but then there is a final determination under Title II or XVI of the Social Security Act that the qualified beneficiary is no longer disabled (however, continuation coverage will not end until the month that begins more than 30 days after the determination).
6. Occurrence of any event (e.g., submission of fraudulent benefit claims) that permits termination of coverage for cause with respect to covered Employees or their Spouses or Dependent children who have coverage under the Plan for a reason other than the COBRA coverage requirements of Federal law.

USERRA

The following provisions are required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA):

Continuation of Coverage Due to Military Leave

If you are absent from work due to a leave for military service and were covered under this Plan prior to the leave, coverage for you and your Dependents may be continued for a period that is the lesser of twenty-four (24) months or a period that ends the day you fail to apply for or return to a position of employment. Coverage continued during the military service will be counted toward the maximum COBRA continuation period. The twenty-four (24) month period is measured from the date you leave work for military service.

If you are on military leave for less than thirty-one (31) days, your contribution for coverage will be the same as while you are actively at work. If your military leave extends for more than thirty-one (31) days, then you are required to pay the full cost of coverage.

Reinstatement of Coverage Following Military Leave

If you are reemployed following military leave, you will be covered under the same terms and conditions that would have been provided had you continued actively working.

Your coverage will be reinstated on your date of reemployment, provided the following conditions are met:

1. You have given advance written or verbal notice of the military leave to Streetsboro City Schools (advance notice to Streetsboro City Schools is not required in situations of military necessity or if giving notice is otherwise impossible or unreasonable under the circumstances);
2. The cumulative length of the leave and all previous absences from employment do not exceed five (5) years;
3. Reemployment follows a release from military service under honorable conditions; and
4. You report to, or submit an application to Streetsboro City Schools as follows:
 - a. On the first business day following completion of military service for a leave of thirty (30) days or less; or
 - b. Within fourteen (14) days of completion of military service for a leave of thirty-one (31) days to one hundred-eighty (180) days; or
 - c. Within ninety (90) days of completion of military service for a leave of more than one hundred-eighty days.

If you are Hospitalized for, or recovering from, an Illness or Injury when your military leave expires, you have two (2) years to apply for reemployment.

If you provide written notice of intent not to return to work after military leave, you are not entitled to reemployment benefits.

If the requirements for reemployment are satisfied, coverage will continue as though employment had not been interrupted by a military leave, even if you decline continued coverage during the leave. No new waiting periods will apply to you or your Dependents. However, a waiting period and/or plan exclusion may apply for Illness or Injury determined by the Secretary of Veterans Affairs to have been Incurred in, or aggravated during military service.

EFFECT OF MEDICARE ON THE PLAN

If a Covered Person is eligible for Medicare and incurs covered expenses for which benefits are payable under this Plan, then the Plan Administrator will first determine if the Plan is Primary or Secondary to coverage provided by Medicare. Primary means that benefits payable under this Plan will be determined and paid without regard to Medicare. Secondary means that payments under the Plan will be reduced so that the total payable by Medicare and the Plan will not exceed 100% of the actual covered expense.

Coverage for a Covered Person will always be Primary if:

1. The Covered Person is entitled to benefits under Medicare based off his/her age, and is an active Employee or the Spouse of an active Employee of an employer with 20 or more Employees; or

2. The Covered Person is entitled to benefits under Medicare because of renal dialysis or kidney transplant. In this case, starting on the date the Covered Person becomes eligible for Medicare, coverage under this plan will be Primary only during the first 30 months of the coordination period such person is so entitled; or
3. The Covered Person is entitled to Medicare on the basis of disability, and his/her employer has 100 or more Employees.

Coverage for a Covered Person will be Secondary if:

1. The Covered Person is entitled to Medicare on the basis of age, and is an active Employee or the Spouse of an active Employee of an employer with less than 20 Employees.
2. The Covered Person has been entitled to benefits under Medicare because of renal dialysis or kidney transplant for more than 30 months (coordination period). In this case, coverage under this Plan will be Secondary only after the first 30 months of the coordination period such person is so entitled; or
3. The Covered Person is entitled to Medicare on the basis of disability, and his/her employer has less than 100 Employees.
4. The Covered Person is a retired Employee or the covered Dependent of a retired Employee.

The Plan Administrator will decide whether coverage is Primary or Secondary based on the status of the Covered Person on the date the covered expense is Incurred.

If a Covered Person is eligible for Part B benefits, but does not enroll for coverage or does not make due claim for Medicare benefits, the Plan Administrator may calculate benefits as if he/she were enrolled in part B of Medicare and full claim for benefits had been made.

In this case, the Allowed Amount will likely be less than the provider's Billed Charges.
